EDUCATION

McGill University 2010 - 2015
Montreal, Quebec, Canada
Physical Geography Major, Mathematics/Statistics Minor

University of California, Santa Cruz 2009 - 2010
Santa Cruz, CA
High School Scholars Program

Cabrillo College 2007 - 2010
Aptos, CA
Concurrent enrollment during high school

TECHNICAL SKILLS

- **Programming Environments:** Python, SQL (primarily MySQL), LaTeX, Bash, Git
- **Data Engineering:** ETL/Data Ingestion, Data Validation/Monitoring/Alerting, Database Design/Administration
- **Specific Abilities:** Web Scraping, Data Cleaning, Predictive Modeling, Data Visualization, Regression Analysis, Sports Analytics (MLB, NHL, NBA)

RELEVANT WORK EXPERIENCE

Python Software Developer (feeds team) Feb 2023 - Present
National Hockey League, New York, NY (remote)
- Primarily python based tooling to handle the import of external (predominantly scorekeeping based) feeds into internal data housing.
- Tools for monitoring feeds for unusual or erroneous results and notifying desired parties.
- Set up reporting for the supervision of officials/scorekeepers/clock software/other niche bizzaro functions.
- Less impressive wit, banter, and pizzaz than previous.

SQL Developer + Stats Analyst Dec 2018 - Feb 2023
National Hockey League, New York, NY
- SQL tooling to pull and present data for queries for teams/media/etc.
- Python tooling for a similar purpose.
- Impressed all coworkers with incredible wit, banter, and pizzaz.

MLB/NHL person Jul 2015 - Mar 2018
Mdalury LLC
- Used statistics, data programming, SQL database architecture, and domain specific knowledge to develop a set of proprietary data, models, and tools primarily focused on Daily Fantasy Sports.
- My role was broadly focused around researching metrics to add to our models by combining domain knowledge and testing methods to create and analyze potential features for our predictive models, implementing these features into existing models, visualizing various metrics or results of the models, and writing scripts to update and maintain our databases.
- From the time I was hired (July 2015), we held a robust record of success, including being consistently ranked as a Top 5 player in my focus areas (MLB and NHL) as well as being the overall #1 ranked player for 2016 and 2017, all according to RotoGrinders.com.

Co-creator - xGoals shot quality project 2014 - 2016
FourthLineHeroes
- Developed shot quality metrics for NHL hockey to approximate the caliber of possession.
- Developed metrics to measure goalie performance based on the quality of shots faced.
- Abstract accepted to 2016 Sloan Sports Conference; full manuscript available upon request.
- A full display of metrics and further explanation is available at http://fourthlineheroes.com/

Basketball Analytics Intern May 2014 - August 2014
Golden State Warriors, Oakland, CA
- Structured, developed, and populated draft dataset for the 2014 NBADL draft.

Front Office and Game Day Assistant Winters 2014, 2015
Santa Cruz Warriors, Santa Cruz, CA
- Assisted with the stats team and occasionally served as official scorer at scorer's table.
- Assisted with daily work in the front office during the 2015 NBA D-League Showcase.

OTHER WORK EXPERIENCE

Data Manager Summer 2013
LK Educational Consulting, Santa Cruz, CA
- Researched and updated Excel spreadsheets, organized reference materials.

Science Technician/Intern Summer 2012
Kinnetic Laboratories, Inc., Santa Cruz, CA
- Analyzed water runoff data to identify storm events.
- Charted chemical content in runoff water during storm events to measure water quality.

Rock Climbing Assistant Summers 2010-11
Pacific Edge Climbing Gym, Santa Cruz, CA
- Set up safety gear, belayed children, and gave basic instruction.

Catering Assistant Summer 2011
Feast For a King Catering, Santa Cruz, CA
- Assisted with set-up, serving, and support for catered events.

Rock Climbing Assistant Summers 2009-10
Gateway Mountain Center, Lake Tahoe, CA (volunteer)
- Demonstrated climbing techniques/routes, belayed climbers, assisted with set-up and logistics for Donner Summit Rock Climbing Camp.

Center Referee and Assistant Referee 2005 - 2010
Scotts Valley/San Lorenzo, Santa Cruz, and Excel Soccer Clubs, Santa Cruz, CA
- Certified U.S. Soccer Grade 8 Referee.

OUTSIDE INTERESTS

- Rock Climbing – I have been rock climbing since 2008 and enjoy climbing in a variety of areas both domestically and internationally.
- Disc Golf – I started disc golfing during the tail end of Covid after moving back to California. I like that it's a throwing sport you can do solo or with friends.
- Simulation Baseball – Since 2008 I have played in Diamond Mind Baseball (DMB) simulation baseball leagues and enjoy using these leagues for honing my technical skills and practicing decision theory.
- Recreational Team Sports – Team sports have always been a big part of my life. I primarily played competitive baseball and soccer in my earlier years, but shifted to more recreational intramural sports in college, and have continued to play these sports recreationally after graduating.
- Cats – I love most animals, but I feel most strongly about cats. My cats are always fun to be around and do a great job cheering me up if I am in a bad mood.
